Students will attend lectures and panel discussion on the most important psychiatric disorders of childhood and adolescence such as Autism, ADHD, early-onset psychosis, OCD, anorexia and mood disorders. They will review and discuss in depth case studies with the international expert.

The course is limited to a maximum of **25 applicants**. Specialists or residents in child psychiatry, psychiatry, neurology, pediatric neurology, psychology are welcome to apply. Applicants should submit the application form, CV, a short abstract with a case report to be discussed during the course, and a recommendation letter by the head of department. Registration fee: **750 euros**. It includes accommodation in twin room at Grand Hotel Baia Verde, daily breakfast, lunches and dinners, social events, transfer from/to Catania airport (on September 28th and October 1st in scheduled time slot) and access to all education activities. **Only the flight is not included.**
